

## REACH-Information

### REACH Regulation (EC) No 1907/2006

According to Regulation (EC) No 1907/2006, in force since 1 June 2007, all substances produced in or imported into the EU in quantities above one tonne have to be registered at the European Chemical Agency ECHA.

Plansee SE introduced for themselves as well as for their subsidiaries all steps necessary to meet the requirements of the REACH regulation.

#### Substances – Preparations – Articles:

- Plansee SE imports and manufactures substances which are processed to articles.
- All sintered products delivered by Plansee SE are articles in terms of REACH.

#### Pre-registration:

- All substances obligatory for registration have been pre-registered in the REACH-IT-system of ECHA.

#### Registration:

- Molybdenum, tungsten and their preliminary products, which we manufacture / import in quantities of more than 1000 tons a year, have been registered successfully at ECHA:
  - Molybdenum Reg.-no.: 01-2119472304-43-0000
  - Tungsten Reg.-no.: 01-2119488910-30-0000
- Molybdenum and Tungsten were not classified as dangerous substances in the course of registration.
- For all other substances obligatory for registration until 2013 or 2018 registration dossiers will be prepared and submitted to ECHA in due time.

#### Substances of very high concern (SVHC):

- Plansee SE-products do not contain any substances of the SVHC-list, published by ECHA.
- It is not to be expected that our substances might be listed on this list in future. If this happens although, we will inform our customers according to Art. 33 REACH.

#### Safety Data Sheets:

- Our products are articles and not substances/preparations in terms of Art 3 REACH and therefore it is no obligation to provide Safety Data Sheets.
